Objective

Highly motivated and talented front-end developer seeking an entry-level position to utilize my technical skills in developing intuitive and user-friendly websites. With a strong foundation in **HTML**, **CSS**, **JavaScript** and **React**. I aim to contribute to a dynamic team and grow as a professional in the field of **front-end development**.

Experience

Junior HTML Developer

The Company Check | Gurugram ⎋
Jan 2024 – Present

- Proficient full stack web developer with expertise in HTML, CSS, JavaScript, including frameworks like JQuery.
- Skilled in back-end development using Node.js to create powerful APIs and manage data processing tasks.
- Designing and implementing responsive web pages.

Web Development Intership

Oxford | South Ex.
Oct 2023 – Dec 2023

- Completed a 2-month internship on web development, gaining hands-on experience in HTML and CSS.
- Collaborated with cross-functional teams to understand project requirements and ensure the effective integration of design elements into web interfaces.

Projects

- I have designed a responsive website and various projects using HTML, CSS, and JavaScript, ensuring a seamless user experience. Additionally, I conducted thorough testing across diverse devices and browsers.
